CAS OF PASSMORE WILLIAMSON
Edited with an Introduction and Notes
BY RICHARD HILDRETH
One Volume 420 pages 12mo Price $1 00

THE various man hunting expeditions which have within the last few years, been made into the North and the numerous trials including the Jerry, the Sims, the Burns and similar cases, and the crowning act of infamy, enacted by

JUDGE KANE UPON PASSMORE WILLIAMSON

have excited the profoundest indignation and alarm The Publishers believe therefore that this amply attested and clearly drawn record of what judges have done will lead people to see what if unchecked judges may still do

News of the Morning.

Our Legislature is proceeding quickly and quietly with its business, taking frequent intervals of rest. The Supreme Court yesterday fixed upon the 5th of February, for the hearing of the argument in the contested Governor case, and manifested very plainly their determination to tolerate no unnecessary delay. We have later and encouraging news from California, with further instalments of gold. The Atlantic sea-board is suffering from another cold snap. The Mormons and Indians are fighting again. The New York Market of yesterday shows a slight decline in Flour and Pork. In the House of Representatives yesterday, Mr. Banks came within *four* votes of an election. His prospect, steadily improve. Jefferson Davis is elected Senator from Mississippi and will retire, of course, from the Cabinet.

A Special K. N. Edict.

The *News* of Thursday publishes the subjoined circular from the head of the K. N. Order in this State, and as the *American*, the organ of the order, does not deny its authority, it may safely be assumed as genuine:

Milwaukee, Jan. 22d, 1856.

To the Subordinate Councils and Deputies of the State of Wisconsin.

Brothers:—Below you will find Amendments to the Constitution and Ritual, made by the State Council which convened at Madison, pursuant to a call of the President, on the 10th day of January; at which time a platform was adopted making eligible to office, *Protestant Foreigners* who are thoroughly trained and educated in *American Principles*. You are therefore at liberty to admit into your Councils persons of that class who are *Naturalized Citizens* of the United States and of known integrity of character, not to exceed in number one third of foreign citizens in each Council.

You will in the admission of such, *in all cases*, use the most rigid scrutiny, and receive only those who are fully imbued with American principles, and who will undoubtedly advance the best interests of the American cause.

Fraternally yours,
JOHN LOCKWOOD.
Pres't State Council.

It appears from this that the Know-Nothings have so far altered their tactics as to admit foreign born Protestants into their political communion. Their warfare now is against Catholics only, and these are to be disfranchised, for their faith's sake. Saying nothing about the guaranties in our Federal and State Constitutions, in favor of Civil and Religious Liberty, and the positive inhibition of any Religious Test, as a qualification for office, it is absurd to suppose that the American people, in this enlightened day and generation, will join in a hue and cry against all who profess the Catholic faith, or agree to set up an established Religion in this country. Yet that and nothing else is the explanation and aim of the K. N. move. Disguise it, or deny it, as they may, the single object is to draw the line between Catholics and Protestants, and to exclude the former, *because* of their religious faith, from all places of public trust and all voice in the public councils. We do not for a moment believe that the American people will countenance any such illiberal crusade against a large, intelligent and respectable body of their fellow citizens.

FROM MADISON.

Editorial Correspondence of the Sentinel,

The Gubernatorial Contest.

Madison, Jan. 25.

In the Supreme Court yesterday, Mr. Bashford's Counsel applied for leave to amend the information filed by Attorney General Smith, so as to fix the day on and since which Mr. Barstow did intrude and has intruded into that office. The court granted the application.

Mr. Barstow's counsel applied to have the hearing (I do not remember the technicalities of the motion) *put over to the June term*. The Court declined, but intimated that as the counsel had stated their intention to contend against the jurisdiction of the court, it was desirable to have that issue brought on speedily and the Court entered a rule requiring the respondent to plead on or before the 5th day of February.

The evident determination of the Court, as expressed yesterday and shown to day by acts, to see fair play, although it can show no favor, is somewhat encouraging to those who are trying to obtain their rights. W. H. W.

The Contest for Governor.

The *Free Democrat* of yesterday contains the following paragraph under its editorial head:

> Our Associate writes in regard to the decision of the Supreme Court: "It is my opinion that no further steps will be taken by Mr. Bashford to prosecute his claim, and we must look to coming time for justice. The best thing for us Republicans to do, is, quoting a classical expression 'to grin and bear it.'"

We are authorized to say that this is an entire mistake. Mr. Bashford and his Counsel, instead of abandoning the suit, intend to prosecute it with the utmost vigor, and will press for as early a decision as the nature of the case will admit. It will be seen too, that the Counsel of Mr. Barstow, true to their policy of *delay*, modestly asked the Supreme Court yesterday, to adjourn the hearing till the *June term!* The Court promptly denied the request, and fixed upon the 5th day of February, for Mr. Barstow to appear and answer. Let the People note who seek to obstruct and embarrass, and who to, expedite and facilitate, this all-important suit.

The Election Frauds.—We have before us a letter from a gentleman now at Green Bay, who resides at Marinette, Oconto county, stating that he had just seen a paragraph in a paper that Marinette, in Oconto county, had given Bashford 35 votes and Barstow 5, at the recent election. He says that no election was held, and no poll opened in the town of Marinette.—*Madison Argus.*

We cannot say whether "Marinette" is so returned, or not, but in the official canvass of Oconto county, only *one* town is reported at 35 for Bashford, 5 for Barstow; and in the *Sentinel* of Nov. 15th a letter is published dated "Clarksville, Oconto Co. Nov. 7, (the day after election) from the P. M. there giving these identical figures as the vote of *that* town. The *Argus* must manufacture some other offset for the Barstow frauds.

Public Printing.—We regret exceedingly to see that the Senate, following the bad example set by the Assembly, has ordered some thousands of copies of different documents in Norwegian, German and Dutch, of others than the State Printer. We do not understand how members of the Legislature can reconcile their votes for this extra printing with the language of the Constitution and the requirements of the law. Last year, the practice of taking papers and ordering extra printing, at the expense of the State, was effectually stopped, and some $20,000, or more saved to the Treasury thereby. This year both practices are revived and the Treasury will suffer much, while the People will profit little, in consequence.

Milwaukee and Mississippi R. R.—The stock of our Pioneer Rail Road continues to advance, rapidly and steadily, in the New York Market. On Monday last there were sales of 100 shares at 85@86, and on Tuesday, 250 shares at same figures. The *Tribune* says:

> Milwaukee and Mississippi continued buoyant, and sold at 86, buyer 60, and 85 regular. The advance in this stock has been so rapid since the dividend came off, that considerable orders to buy are on the market unfilled.

Our Representatives Endorsed.

The Republican Members of our Senate and Assembly have drawn up and unanimously signed the following paper, addressed to Messrs Washburne and Billinghurst, our faithful and able Representatives in the Congress of the United States, and designed to convey to them an expression of the entire satisfaction with which the Anti-Nebraska electors of this State view their steadfast and unflinching support of Mr. Banks for the office of Speaker. We believe that this speaks the opinion, not only of the whole Republican Party of this State, but of the great mass of the People, without distinction of party. Let our Representatives persevere in well-doing, and continue faithful to the end:

> "The undersigned, Republican Members of the Senate and Assembly of the State of Wisconsin, hereby individually and unitedly testify, our heartfelt and grateful approval of the course of Messrs. C. C. Washburne and Charles Billinghurst, Representatives from this State, and of the majority of the 'Anti-Nebraska' members of Congress, in regard to the election of Speaker. And we earnestly urge upon our immediate Representatives and their associates, to make no compromises and no concessions, and bate not one jot of hope or effort, until an organization of the House of Representatives, favorable to Liberty, be accomplished
>
> "In this matter, we are confident that we speak the unanimous Republican sentiment of this State. Among the people from whom we have recently come, those Representatives whose votes have been steadily and constantly given to the nominee of the Anti-Nebraska caucus, for Speaker, are sustained and applauded, while every vote which divides or scatters from our ranks is deplored as recreant to the cause of human freedom."

The Pittsburgh Convention.

Our Republican Members of the Legislature in Caucus assembled, have designated the following gentlemen to represent Wisconsin in the preliminary Republican Convention, to be held at Pittsburgh on the 22nd of February.

First District.—Chas. Durkee, Washington; C. C. Sholes, Kenosha; W. Spooner, Elkhorn; H. H. Dall, Union Grove, Racine Co.

Second District.—C. C. Washburne; Jno. Bracken, Mineral Point; Geo B. Ely, Janesville; Chas. Armstrong, Baraboo.

Third District.—Chas. Billinghurst; T. O. Howe, Green Bay; C. C. Bailey, Chester, Dodge Co.; Geo. Griswold, Columbus.

They also passed a resolution inviting any other Republicans, who could make it convenient, to attend the gathering. This, too, was the purport of the original call. The Convention is not a Delegate one, but one for conference and consultation, and open to all who choose to participate in its proceedings. We hope that Wisconsin will be fully represented therein.

Another Fusion.

The "republican" State Committees of several States have called a "republican" National Convention, to meet at Philadelphia Feb. 22. The *American* significantly adds:

> Our readers will remember that the National American (K. N.) Convention meets in Philadelphia on the same day.—*Madison Argus.*

In order to make out its case, the *Argus* wilfully and deliberately mis-states the fact. The Republican Convention is called at *Pittsburgh*, the K. N. ditto at Philadelphia—and the fact that they are thus called at different and distant points "on the same day" is conclusive evidence that no "fusion," is proposed, or possible. Let us see how long the "official organ" will stick to this last fabrication.

Racine and Mississippi Railroad.—The annual meeting of the Stockholders of this company was held on the 16th instant. The *Advocate* says that 926 votes were cast, representing nearly a million of stock, and that the following gentlemen were unanimously elected Directors for the ensuing year.

Henry S. Durand, Reuben M. Norton, John Dickson, Marshall M. Strong, Chas. Herrick, S. Raymond, Alexander McClurgh, S. D. Clough, Racine; Wm. C. Allen, Delevan; John Williams, Darien; Wm. T. Goodhue, Beloit; F. W. Merrill, Rockton; Thomas J. Turner, Freeport.

At a subsequent meeting of the Directors, the following officers were chosen: H. S. Durand, President; John Dickson, Vice President, A. J. Redburn, Secretary; W. M. Perrine, Treasurer; Marshall M. Strong, Attorney, and S. D. Clough, Auditor.

This road has been pushed ahead steadily and rapidly during the past year and is now completed to Elkhorn, the county seat of Walworth Co. The Board of Directors had fairly earned the compliment of a unanimous re-election, by the energy, ability and perseverance which they have displayed in the management of the Company affairs.

Official Logic.—The *Argus* reminds the public and Mr. Ryan, one of the Counsel for Gov. Bashford, that the latter as Senator, voted against the impeachment of Judge Hubbell and also against paying the judgement, obtained by Mr. R. in the Supreme Court, for his services as counsel in that trial, and then pathetically exclaims·

We now find Mr. Ryan's splendid invective directed against a grey-haired man, and all other efforts of his profession, to foist upon the people of the State, as their Governor, this same Bashford, who has been defeated by them at the polls.

What possible connection there is between Mr. Bashford's votes as Senator, in a given case, and the relations of Client and Counsel, now existing between himself and Mr. Ryan, we do not see. But there is no doubt that in this instance, Mr. Ryan's professional zeal is quickened by the thorough conviction that Mr. Barstow holds the certificate of election by the grossest and most unblushing frauds, and that the "splendid invective," prompted by this knowledge, is a hotter fire than the organ and its backers can stand. Hence this outcry.

Sad Occurrence at Fox Lake.—We learn from a correspondent that an Irishman by the name of Patrick Crowley received a very severe, if not fatal, injury at a bowling saloon in Fox Lake on the afternoon of the 23d inst. The circumstances, in brief, are as follows:

A young man by the name of James Phelps, happening into a bowling saloon on an errand, in a playful manner rolled a ball along the alley towards Crowley, who had fallen on the track by some misstep, when the latter put out his foot and turned the ball one side, and immediately jumped up and seized the ball, throwing it at Phelps with all his might. It struck the ceiling over head, however with much force, failing to hit Phelps, whereupon Crowley seized him—Phelps dragging him the length of the alley in endeavoring to get clear; failing to do so, he struck a back-handed blow over his shoulder with a pin, striking Crowley upon the head, producing a severe fracture of the skull.

The unfortunate man is still alive, although but faint hopes are entertained of his recovery. The operation of trepanning was performed upon Mr. Crowley by Dr. Smith, of Fox Lake, affording however but very little relief to the sufferer.—Much sympathy is felt by the citizens of Fox Lake, as well for the injured man and his family, as for the young man, who unintentionally inflicted the injury.

Musical Tour.—Professor Taylor, accompanied by his wife and Miss Sherman, leave here this morning, with the intention of visiting Fond du Lac, Oshkosh, Beaver Dam, Madison &c., and giving a concert at each place. We commend them to our brethren of the press and to the public generally, as deserving and accomplished artists. They came to our city unheralded and almost unknown, and comparatively few of our citizens enjoyed the pleasure of hearing them. Those who did attend their concerts, however, were delighted with the Ladies' voices and their style of singing, and should they visit Milwaukee again, they will have no reason, we think, to complain of their reception.

Personal.—Gov. Bashford arrived from Madison last evening, and leaves this morning for Oshkosh. He expresses himself entirely satisfied with the aspect of the suit in the Supreme Court, and entertains no doubt of a favorable issue.

Bank of Racine.—At a Meeting of the Stockholders of this Bank, on the 16th inst the following gentlemen were chosen Directors for the ensuing year:

Henry J. Ullmann, Daniel Slauson, Marshall M. Strong, S. C. Tuckerman, Geo. H. Carpenter, Daniel Ullman and Wm. W. Vaughan.

At a subsequent meeting of the Board of Directors, HENRY J. ULLMAN was elected President, Daniel Slauson, Vice President, and Daniel Ullman, Cashier.

The Bank of Racine is the oldest institution of the kind in that city, has always been well managed and enjoys, as it deserves, the full confidence of the business public. The *Advocate* says that during the past year it has been very successful, having declared and paid a dividend of 12 per cent on the 1st instant, and laid by 6 per cent more, as a surplus fund. The President and Cashier have been connected with the Bank since its commencement, and the *Advocate* attributes no small share of its success to their good management.

Taking it Easy.—Both branches of the Legislature adjourned yesterday afternoon to 3 P. M. Monday. There does not seem to be any very special, or important business pressing on them, save the Districting of the State under the last Census, and we do not think the public Interests would suffer, if they should adjourn *sine die*, or at least till the Supreme Court has decided the question of who is Governor.

President of the Senate.—The Senate, in electing Mr. Harvey, as President *pro. tem.* paid a handsome compliment to a zealous Republican and a good legislator, as well as to the "Banner County" of our State, old Rock. The vote too, we think, following so closely upon Mr. Harvey's scathing review of Barstow's message, may fairly be taken as an endorsement, by the Senate, of the truth and justice of his strictures upon that paltry document.

Appointment.—We learn from the Menasha *Advocate* that Curtis Reed, Esq., of that town, has been appointed one of the Trustees of the Wisconsin Deaf and Dumb Asylum.

Correspondence of the Sentinel.

NOTES FROM THE NORTH-WEST.

Black-Earth Valley—Richland and Bad Ax Counties.

Leaving Madison, we passed westward toward Wisconsin River, passing through Black Earth—*Mazo Manie* and some other small towns, all situated in the Black Earth Valley, on the M. & M. R. R. *Mazo Manie* has a depot about inclosed, which is one hundred and fifty feet in length, capable of accommodating the business of the road when it is completed to the western portion of the State.

The enterprising citizens of the place are looking eagerly for the speedy completion of the road that they may join with the people of the eastern part of the State.

Property has advanced very fast of late—we heard some speaking of a thousand dollars for some choice locations yet unimproved. Indeed, *Mazo Manie* may be considered a beautiful place for a village.

At the crossing of Wisconsin River, we are told, is the place now known as *Hayworth*—the origin seems to be that a company from England years ago laid out some 1100 acres with the expectation of rearing a large town—but failed on government bonds—but the locality still bears the name of the leader.

Soon we found ourselves at Richland City and Sextonsville—both situated in the Valley of Pine River. Around the latter place the land is extensively bluffy; but people are settled in the valleys, which are rich in soil. As we approach the North the surface is more level; in that portion of Bad Axe county, which I visited, there is much heavy timber.

Settlements were made some four years ago.—The facilities for obtaining dry goods and the like articles, are not very plenty as yet; but Stores are starting up in many parts as the demand increases. Post Offices are among the *deficiencies*. I was not a little surprised to find the *Sentinel* in the Kickapoo Woods; the subscriber, Mr. James Cooper, whose Post Office is at Reedsburgh, thirty miles distant, says he generally receives it weekly by private conveyance from the latter place. As he is neither Democrat or Republican, (so he says) he takes the *Sentinel* for the "News."

Game is plenty in these parts which makes it convenient for settlers. A Mr. Webb had the fortune lately, to capture a *Moose*.

The creature weighed 825 pounds. It is calculated that these animals are hardly ever found farther South than latitude 45; but this unfortunate fellow was out of his beat.

I judge that politics do not engage as much attention in these parts as elsewhere; yet men have something to say regarding the Governorship and as near as I could ascertain, there would have been large majorities for Bashford, if people had done their duty and attended the polls. The timber is good; which if divided among our beautiful prairies, would be sufficient for every man in Wisconsin. No part of the State is better watered than this part referred to. Fine springs ooze out from the hills nearly as high as your head. I would here state that some small Village sites have been laid out the past season—among them may be found DeBell in Bad-Ax, and Spring Valley in Richland counties.

The hills in the interior of Richland presents scenes truly picturesque and grand. Upon ascending the highest eminences, we find solid rocks resting upon two or three smaller ones, and when we consider that they are from two to three hundred feet above the base, and twenty feet in size each way, we must reasonably conclude that they were left there at the time of the flood.

The timber is principally on the north side—owing to the fires that swept through—while the south side was bare, the snow having melted away.

Large rivers at very remote periods have undoubtedly found meanderings through the valleys of Willow Creek and the west branch of Pine River, as it is plainly to be seen the distance the water has sunk yearly, through the sound stone.

With all these hills in view, there is also beautiful land covered with a thrifty growth of timber of nearly every kind, except beech.

People hold their improved land at ten dollars per acre.

Arriving at Richland City, I found good accommodations at the American, which, by the way, is a temperance house, kept by the gentlemanly landlord, Mr. Neff, and from conversation I judge him to be in favor of the prohibitory liquor law.

The Republican paper, (Observer), under the superintendence of Mr. Sanderson, is highly spoken of. Being obliged to leave by early conveyance, did not have time to call on him, yet I wish him success in the enterprise.

Many curious things in nature present themselves while passing from Richland to the Wisconsin River. On Sand prairie are seen eminences which bespeak boiling springs at a day far distant.

The *Sentinel* graces the table at Barnard's for the accommodation of guests.

Jobbers are hard at work getting out timber for R. R. bridges on the Wisconsin river, and in some places we find large log heaps burning for the purpose of melting the frozen earth.

We look for a speedy construction of the M. & M. Railroad; then things will present a a lively appearance. Speed the good work!

Respectfully yours, J. S. BLISS.
Door Creek, Jan. 21st.

Save the Quails.—These beautiful birds—the ornament of every farm they occupy—are dying of hunger—starving in the midst of plenty, because the ground has been so long covered with snow, and the weather so terribly cold. Boys, feed the quails. They will repay you next Summer in their warning cry of "more rain," and in the confident manner they will sit on the fence after a shower.

New-Yorkers, don't buy quails at this season. It is a breach of statute law to kill or sell them in January. If you do buy them, it is an even chance that you get those that have died by the cold and want of food, and been picked up by some one who would sell his soul for money.

Farmers, look to the living quails. Citizens, look to the dead ones.—*N. Y. Tribune.*

Business in Horicon.—Since the change in the weather, we mark the rapid increase of business in our village. Teams fairly block the streets, and every sleigh and bob is in requisition. Grain comes in briskly, and finds a ready market with our Produce Merchants at liberal prices.—Potatoes are *nix*, and a few loads would fetch tall prices. Wood is in great demand, good maple sells at $2.25. Our farmers are now busy in the marshes, hauling poles for fencing, the good sleighing is quite a boon to them, some having to haul six and eight miles, fencing in the openings costs something and is about the heaviest outlay they have.—*Horicon Argus.*

RAMBLES IN EUROPE—NO. 58.

The Church of St. Stephen in Vienna—The Church of the Capuchins—The Church of the Augustines, and their monumental tombs—Presburg—The Danube and its scenery—Pesth and Buda—Is Uncle Sam prepared for war?—Towns on the Danube—Private apartments

Orsova, Oct 25, 1855.

(CONCLUDED.)

Pesth would have been a much larger city than she is at present, if she had not suffered more misfortunes than naturally fall to the lot of cities. Previous to 1686, when it was regained for the last time from her enemies, it had been five times bombarded, and after suffering as many seiges was taken by the Turks at each time. It has even within the present century been thirteen times inundated by reason of the stoppage of the ice above the town, and the sudden rise of the water. The last and most destructive one occurred in March, 1848, when 2281 houses were destroyed in Pesth, 1500 in the environs, 207 in Buda and injuring upwards of 1000 more.—Whole streets and public squares were twelve feet under water, and so great was the pressure of the air as well as the water confined within many of the sewers of the city, that they exploded, doing an immense amount of injury.

But in the revolution of 1848–9, this Hungarian city was the theatre of a long struggle between the government troops and the patriots, followed by a seige and bombardment. One army occupied Buda and the other Pesth. The former was under the command of General Hentzi, and the latter under the infamous Gorgei.—Henzi had a large army, and from the heights of Buda he poured a most destructive fire into Pesth. An eye witness describes the scene presented on the occasion in the following manner: "Balls, bombs and rockets flew like a hurricane over the devoted city, which might be seen falling like shooting stars into the town and rendered all attempts to check the progress of the flames unavailing. It was an awful sight, and it is impossible to give an idea of the impression made on the senses by the thunder of the cannon, the crashing and hissing sound of the shells, and, above all, the roaring of the flames, as street after street was attacked by the consuming element, until the whole town seemed doomed to inevitable destruction." Buda also was bombarded without intermission day and night for six days. Many edifices and public buildings were destroyed. A stately pile of buildings, the Palatines palace, continued burning four days.

But the city has almost recovered entirely from the effects of all these disasters, and is making rapid progress in wealth and greatness. In a few years, unless she again suffers from the calamities of wars, the world will be surprised to hear of a magnificent city grown up here, almost as one would think, on the boundary line between savage and civilized life.

And speaking of war reminds me that the people of the United States, that is many of them, indulge in the idea particularly before the present war in this quarter commenced, that "wars and rumors of wars" had ceased and that our people would never see it again, and much less suffer from it. Now this is all a delusion, that the American people ought to rid themselves of as soon as they can. Human nature has not essentially changed, from the time Cain slew Abel, to the memorable and heroic attack of the brave Capt Hollins upon the impregnable walls of Greytown! All Europe is bristling with arms from one end of the continent to the other, her seas are covered with battle ships, and her forts and magazines are filled with the *material* of war—Everything is quiet, it is true, except in the Crimea, but let the torch once be applied, and the whole country is in a blaze, and blood will flow like her rivers. It is just as idle, and not less foolish, to suppose that there is no necessity of war than that a man is always safe in person and in property in travelling on a hazardous journey. So long as we hear from our own country of the most horrid and revolting cases of murder and blood shed by individuals, how can one of our countrymen suppose that we are exempt from an attack of nations, composed only of individuals laying no claims to a civilization equal to our own?

There is only one small cloud seen in the distance that portends danger. It is in reference to the Sound duties. Every public journal of any importance throughout Europe, which has spoken on the subject, admits that we are in the right. We *know* we are, and our people are for maintaining it. The eyes of all nations are upon us, and it will not do to shrink from duty. I have rarely met an American but what among ourselves expresses the opinion that our present administration has not got the stamina to such exigency—in other words, too feeble and divided to grapple with such an emergency. But I entertain a different opinion of Marcy, and believe if left to himself, he is able to direct if not lead the impulses of the American people in the right way. "To be forewarned is to be armed." Let this be carried out, and the boast of England and her allies, that we have no navy, no army, nor anything else, to defend ourselves, will not be thrown in the face of every American traveller abroad.

But what in the world has all this to do with my getting down the Danube? Nothing whatever, and I hasten along that Amazon of the eastern hemisphere. For five days and the most part nights, we kept going, going, going. When it became quite dark our steamer would halt in some eddying part of the river, where the current was not strong, throw out anchor and station the watch, the same as upon the ocean. Occasionally we would have to change boats, from heavy to light drafts, and once, at the place where we arrived last evening, we were obliged to go fifteen miles by land, owing to the lowness of the water. Our boats are very fine, indeed, well equipped and promising, together with gentlemanly officers and crews. The scenery is varied, sometimes wild and romantic, and other times monotonous and wearisome, passing through a country consisting of one dreary plain void of shrub and tree, man and beast. Civilization had been left behind and when a city or village was reached it consisted of a few mud huts with narrow and filthy streets

There are among these several large places, such as Mohacs, Peterwardein, Newsatz, Semlin and Belgrade. These contain from five to 25,000 inhabitants, each composed of people of all countries of this portion of the world, dressed in every possible form that ingenuity, skill, wealth, poverty and disease could suggest. In the former city was fought in 1526 the famous battle between Solyman the Magnificent and Louis II., which decided the fate of Hungary for nearly two centuries. The former led into the field 200,000 soldiers. Out of 30,000 Christians headed by the latter, 22,000 of them were left dead on the field of battle, including, according to history, two archbishops, six bishops, and twenty-eight magnates, together with the flower of the Magyar chivalry. This decisive and bloody battle was conclusive, and passed the country over to the Ottoman power.

The place where I am stopping, preferring to sleep one night on land, and where I am writing this letter, is anything but civilized in appearance. The people put me into the best room in the house, which has a door, one window and plastered. This is considered aristocratic to have doors and windows and smooth ceilings.—It is about ten feet wide by fifteen in length, with walls just high enough to be clear of touching one's head. The furniture consists of three beds and a wooden bench, which is dignified into the name of settee by day, and used as a bedstead at night. But there were occupants there before I "took rooms," to say nothing of the vermin, which from their size and appearance, were old settlers. The beds were each occupied by two men to each, and the settee by a woman.—The only exception I could get in my favor was that I could sleep in my bed alone. However after the finishing my letter, amid the combined music of snorers within and dogs without, I shall try to court the sweet angel of sleep and dream once more that I am back with friends and all the substantial comforts of a home that I have left behind. F.

Packwaukee, Jan. 12.

Mr. Editor:—Our village was thrown into consternation early this morning by the report that a man had suddenly fallen dead, in the bar room of Wm. C. Roods Tavern. The facts were these. A man by the name of Keys who lived about two miles from this village, came into town on Monday and commenced drinking, and continued in a state of beastly intoxication until Friday noon, when I was told he went to bed and lay until this morning when he came down stairs and sat a few minutes by the fire and complained of feeling unwell and arose to go to the sink to wash, when he fell backwards and immediately expired. I do not wish to be understood as saying that liquor had any thing to do with his death; of course not, or that three or four days of debauch will give a man fits. Or if it was so, the dear innocent Rumseller is not at all to blame. For it is a free country and no one is compelled to drink, and Rumselling is a legal calling.

"A Worn-out Institution."

It is one of the signs of the times in England that the Thunderer of Printing House Square designates the Grand Jury as a "worn-out institution." When British Reform treats as dead wood or iron rubbish, the great Inquest, for so many centuries part of the criminal justice and social system of the people of England, other dead wood, and much other rubbish machinery, are in great danger of being thundered at and knocked out of the way.

The London Times closes a brief but direct attack upon the Grand Jury, with the recommendation that it be numbered with the Star Chambers and Palace Courts of past times, and with impatient contempt applies to it the term "venerable." It is somewhat remarkable that its opposition to it proceeds much upon the idea, that it is mischievous—that it defeats justice, as well as inflicts injury. This charge has never been made against the institution in our State, that we are aware of. But the Times cites the case of Alice Gray, whose marvellous career of perjury in preferring complaints against innocent persons for felonies committed upon her person and property, has been extensively published in American journals. She was committed by a magistrate after an examination which left no doubt of her guilt. But the Grand Jury before which her case came, to the astonishment of the crown officers, and the public, refused to find a Bill, and the prisoner, a vulgar, but bold and most daringly wicked serving woman, was discharged.

In England as in some parts of America, the institution of the Grand Jury seems to be liable to perversion from its original purpose, to the cheap and safe gratification of personal malice and vindictiveness. It is there frequently engineered against innocent men, who, after a distorted, and perhaps perjured *ex parte* complaint, are indicted for offences—and disgraced or ruined by the indictment. The English love of justice has at least become dissatisfied with the one-sided, secret working of the institution, which, acting judicially, as in effect it often does, refuses to confront the accused with the accusers, and condemns absent men unheard, and without the privilege of cross-examining witnesses, or adducing exculpatory testimony. This tyrannous characteristic of the Grand Jury alone, will settle its fate in a country whose spirit demands "fair play," from the fisticuff encounters of its school-boys, up to the contests of its statesmen

There, as here, the sentiment is a growing one, that the Grand Jury is not necessary—that if an offence has been committed, or is supposed to have been committed, the existing processes of arrest upon complaint before a magistrate—of examination under oath of the party, and the witnesses for and against the charge—of the commitment, if the case be made out—all conducted openly and under the eye of the Press and the public observation, are sufficient to accomplish the good the Grand Jury ever could do, and are relieved of all its liability to perversion and error, and of the delays of Justice inseparable from its working.—*Albany Ev. Journal.*

Sabbath Schools.—It was said by a clerical orator, on a public occasion of much interest in a neighboring city, that "if the base of the pyramid is clay, it is of little purpose that you build its apex of precious stones. In all exertions for the public weal," continues the orator, "we must look out for the foundation. We must see to it, that the power lies among the masses." And certain it is, the power will lie among the masses, do what we may. What we are to see to is, that lying there, as a matter of course, it is not left uninformed and unsanctified, to be perverted by knavish demagogues and duped by crafty priests. The work of the Sabbath School is eminently "at the base of the pyramid."—Then it shows itself among the masses. So far as its legitimate agency is felt, it infuses into the "masses" a consciousness of their powers, of their rights, and of their responsibilities. Let every American child have a seasonable and thorough training in a good Sabbath School, and our statesmen and orators may go to sleep without any misgivings as to that portion of the "base of pyramids" that extends over our continent. Give us the sun, and it will shine spite of all the mists and fogs that gather around it.

Death of James C. Forsyth.—The N. Y. *Times* of Wednesday has the following paragraph:

Information was received by a Banking House in this City by the last steamer of the decease of James C. Forsyth, of Ulster County, who fled the country in the Summer of 1853, after certain frauds upon his creditors. He died at a tavern in Herefordshire, England, under the *alias* of Captain Rashley, and without making known his real name or residence, except that he was from the United States. A description of his person, with other particulars, and a notice soliciting further information, were advertised in the London *Times* newspaper, which casually met the eye of an English gentleman who knew something of Forsyth's history, and who had met him in Spain or Algeria under the *alias* of Benham. By him the facts were communicated to the house referred to

Our Railroads.—No person can visit the depot of the La Crosse company, without coming to the conclusion that every possible exertion is being made to advance the interests of all; and the stockholders must have pleasing anticipations of liberal returns from the amount of business now doing, a material increase on the further completion of this important work. The amount of freighting done at the depot is enormous, requiring all the Company strength to keep it from gathering on their hands. The passenger travel is not exceeded by any western road in the State, and all speak of it, as being the smoothest and best managed road they ever travelled—The track is now laid for about five miles, and will be completed to Beaver Dam with all possible dispatch.

The Horicon and Berlin Company are driving their work with energy, some five miles are already in running order, and will be finished to Waupun early in February. Their depot grounds, on the west side of our village, are fast assuming a business aspect, offices and warehouses are springing up, and the platforms being arranged ready for work. Everything betokens energy and determination, and in a few weeks they will be doing an excellent business, which will enable them to push ahead towards Berlin.—*Horicon Argus.*

Indictment against Mr. Noonan.—The indictment trumped up against P. M. Noonan of Milwaukee by the blundering U. S. District Attorney, for an alleged violation of the Sub Treasury Act, came to trial in the U. S. Court in that City, on Monday. The prosecution utterly failed to make out any case against Mr. Noonan, and the Jury, under the instruction of the Court (Judge Miller) proclaimed a verdict of—Not Guilty, without leaving their seats. So much for J. R. Sharpstein's sagacity. Wonder who'll give Noonan the next *turn.*—*Ozaukee Advertiser* [Dem.]

WHY FEMALES SUFFER IN HEALTH.

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION

BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition (500,000) 18mo., pp. 250.

A standard work of established reputation, found classed in the catalogues of the great Trade Sales of New York, Philadelphia, and other cities, and sold by the principal Booksellers in the United States.

Every woman can here discover, by comparing her own symptoms with those described, the nature, character and cause of her complaint, and be spared much anxiety and suffering, as well as the unpleasantness of making known to, or making inquiry of, a physician in respect to the numberless ailments to which she is subject. The wife about becoming a mother has often need of instruction and advice in respect to her situation, which she will here find. This book tells her what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand.

Those suffering from obstructions or irregularities peculiar to the female system, or from *prolapsus uteri* (falling of the womb), or from *fluor albus*, will each find in its pages the means of prevention, amelioration, and relief.

Much distress of mind, as well as thousands pecuniarily, might be saved to every husband, if the subjects [illegible] pertaining to the marriage state were better understood. That they are not [illegible] understood is traceable to that natural and almost commendable sensitiveness that will rather suffer than consult or converse with even a medical man in respect to complaints peculiar to the female only.

In a copy of "*The Married Woman's Private Medical Companion,*" every female has a physician that knows as describes her every symptom, feeling and ailment, and which at once consult at all times without violence to her sensitiveness.

[Extract of a letter from a gentleman in Dayton, Ohio.

Dayton, May 1, 1847.

Dr. A. M. Mauriceau—*My Dear Sir*—My wife has been perceptibly sinking for eight, or years or more, in consequence of great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was on the last occasion despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to every one of us. [illegible] great discovery of M. M. Desomeaux provided a remedy. It opened a prospect to me which I little conceived was possible. But for this, we another year would have passed over my head, in all human probability my wife would have been in her grave and my children left motherless.

☞ Upon receipt of One Dollar, "The Married Woman's Private Medical Companion" is sent (*mailed free*) to any part of the United States, the Canadas, and British Provinces. All letters must be post paid, and addressed to Dr. A. M. Mauriceau, box 1224, New York City. Publishing Office, No. 129 Liberty Street, New York.

Caution to Western Merchants.

Learning from some of the respectable merchants of Chicago, that my Schiedam Aromatic Schnapps is extensively counterfeited by a number of liquor mixers in New York, Philadelphia, and Boston, and finding that the pirates daringly advertise their pernicious decoctions under the name which belongs to my article, I think it necessary to caution the community against these vendors of poison in disguise.

I introduced the Schiedam Aromatic Schnapps for the purpose of supplying the medical faculty, and the whole community with a pure medicinal spirit, which might be preferred with confidence, in all cases where stimulants were required, without producing the fearful consequences which invariably result from using adulterated liquor. In order to render assurance doubly sure, I had the article analyzed by physicians of world wide celebrity, and submitted it for experimental test to thousands of distinguished medical practitioners. The responses from these sources were of the most unequivocal and satisfactory character. It is now before the public, surrounded with these guarantees, and bearing those unimpeachable endorsements, and I call upon the community to protect themselves and me from the pirates, [illegible]

[illegible]

The first importation being made into this city in the year 1845, which can be seen by the Custom House Books, I deposited my label as a trade mark in the United States District Court of the Southern District of New York, in the year 1851, and have the certificate in my possession of the same. The great demand which has thus been created for the genuine article, has set the whole hive of counterfeiters in motion, and the only I can to my customers and friends and the public, compels me to put them on their guard against imposition.

The genuine is put up in quart and pint bottles, with my name on bottle, cork and label, for sale by all the respectable druggists and grocers in the United States.

Police Court, Jan. 25.

There was but one case in the Police Court yesterday; a man named William Schupner, was fined $2,00 for fast driving over Spring Street Bridge.

New Publications.

COURTSHIP OF CHEVALIER SLYFOX WIKOFF.—Everybody who has read Wikoff's "Courtship and its Consequences," will find the leading incidents, caricatured after rather an exaggerated pattern, in this publication from Garrett & Co., New York.

ETHIOPIAN JOKE BOOK.—This is a little collection of all the Jokes and stories, retailed to amused and admiring crowds, night after night, at "Whites Opera House," New York. Published by Garrett & Co., N. Y.

THE SACERDOTAL TITHE.—An earnest argument, by a Presbyter of the Diocese of Toronto, Canada, in favor of Tithes, as the proper and easiest mode of securing a respectable income for the Ministers of the Church.

TEACHINGS OF THE CHURCH ON BAPTISM.—This is the fifth American, from the third London edition, of an able tract, already well-known, embodying "the testimony of Scripture to the teaching of the Church on Holy Baptism."—Published Dana & Co., 381 Broadway, N. Y.

THE PRINCE OF THE HOUSE OF DAVID.—This handsome volume, by Professor J. H. Ingraham, Rector of St. John's Church, Mobile, embodies a series of letters supposed to have been written by a young Jewess, sojourning at Jerusalem, to her father in Egypt, and relating, as by an eye-witness, all the incidents in the three last years of the Savior's life. The plan is well carried out, and the narrative one of absorbing interest. Published by Dana & Co, N. Y. All the above books may be found at ARCHIBALD WILSON'S Bookstore.

AMENDMENTS TO THE CITY CHARTER.—Among the various changes or amendments to the City Charter &c., contemplated to be made during the present session of the Legislature, we mention the following as among the most important.

The extension of the city limits on the North line, taking in about 1¾ of a section of land.

The First Ward to be divided into two wards.

The Second Ward divided into three wards.

An alteration in the collection of city taxes.

The abolition of the office of City Marshal.

Amendments to the laws for the laying out of streets.

To give power to the Common Council to withdraw the appointments of any officers specially appointed for special purposes.

To give to the City Police the power of Marshals and Sheriffs, and the power to go in the country and follow criminals into any part of the State.

In addition to the above, we need a Recorder's Court, to sit monthly, to dispose of criminal cases, with something like despatch. Such a court would lessen materially the heavy expenses attending the keeping of criminals for three months in jail, and would tend to accord to arrested party his right to a speedy trial.

All the Criminal business of the city should be vested in the Police, who should be entitled to receive the same fees for the service of criminal process as now allowed by law to other officers. The office of constable within the city limits should be confined to the service of civil process, and none other.

The Chief of Police should have the entire control of the criminal business of the city.

SWINDLED IN A GAMBLING HOUSE.—Last night a boy applied to the Police stating that he had been invited by a young friend to visit a gambling house in the Fourth Ward, and while there another wanted him to bet that the two Jacks would turn up together, he refused, when the other asked him to lend him $8,00 to bet, this he did. The Jacks came up separate, and on his asking for his money back, the whole company swore that he, the stranger, was the one that bet, and kept the money.

The applicant was told to appear at the Police Court this morning and prefer a complaint, when the Police would act.

HOSE COMPANY BALL.—The members of Supply Hose Company give their Annual Ball at Young's Hall, next Thursday evening. They intend to make it a splendid affair, and will have the Hall fitted up in the same elegant and tasteful manner, as at the brilliant private party given there on Wednesday evening last. BELDEN caters for the Hose Company, and everything will be of the very best.

A POLICEMAN SHOT AT.—Joseph Wagner, one of the Policemen of the Second Ward, was shot at on Thursday night, about 12 o'clock.

The officer was standing near a saloon opposite the La Crosse R. R. depot, when some person fired a shot at him, the bullet passed through his coat and cut his pantaloons, doing no injury to his person. No trace yet of the perpetrator.

ÆTNA INSURANCE CO., HARTFORD.—The annual Statement of this old and wealthy Insurance Insurance Company, as presented to its Stockholders and made out in compliance with the laws of several of the states, in which its agencies are established, will be found in our advertising columns. It needs no comment, the figures telling their own story. Mr. WM. J. WHALING, office No. 9 Martin's Block, is Agent for the Ætna.

NOYES, FLERTZHEIM & CO.—In our notice yesterday, of the "Bachelor's Party" at Young's Hall, we omitted to say that the furniture and decorations of the Hall, which were so much admired for their taste and appropriateness, were supplied and arranged by Messrs. NOYES, FLERTZHEIM & CO., from their extensive Furniture Ware Rooms in East Water street.

CITY DIRECTORY.—COL. J. M. VAN SLYCK is about to commence a thorough canvass of the City, with a view to publishing another edition of his Directory. His last one was quite full and pretty accurate, and with a little help from his fellow-citizens the forthcoming volume will be still more complete and reliable.

SALE OF BUILDINGS.—The few frame buildings on Michigan street, extending from East Water to Main, were sold at auction by WALL, on Thursday afternoon, for $900. They are to be removed by the 20th of April, to make room for the new Hotel, and the block of buildings for the State Bank.

ST. JULIEN SALOON, MADISON.—This is a new establishment at the Capital, recently opened by Messrs. JEFFERSON & HAWKINS. Those of our readers who visit the Capital will find at the St. Julien all the "creature comforts" that the most fastidious epicure could desire.

ALMANACS.—The Tribune Almanac, edited by GREELY & MCELRATH, of the New York Tribune, is for sale by J. A. HALL & Co., to whom we are indebted for a copy.

For the past few days the principal halting place on East Water street, has been at No. 201, before a new and attractive show of Portraits, bearing the modest inscription "BROWN'S PHOTOGRAPHY." Stop with the crowd and participate in their admiration. See those rich toned miniatures, so perfect in delineation, so natural in position, so graceful in drapery, and so rich in tone and finish, that you are at once satisfied they come from the hand of an artist who has left behind the school of *chance* success for habitual *certainty*. Observe the easy attitude, the graceful *pose*, and congratulate the human family of parents, brothers, sisters, cousins, lovers, that they can henceforth possess in one a faithful portrait and a pleasing picture. They are taken from miniature to life-size, and BROWN is now finishing some in water colors, cabinet size, which are exquisite gems. Our friends who have seen this style of portraits in the rooms of Whipple & Black, or Massury & Silsbee, Boston, and Gurney, or Root of New York, will need no urging to go to Brown's. jan24d3431t

HOW TO RAISE MELONS,
And how to Preserve the Plants when young, from Bugs and Worms.

TO FARMERS.

I WOULD call your attention to a subject which may interest many of you, and is of considerable importance to you all, which is, the culture of the Water Melon. I have made this my sole business for several years—believing that if I succeeded in growing this desirable and delicious fruit, and making it, by culture and choice of soils best adapted to its growth, as sure as that of other crops, and also to secure it against its enemies—the little yellow and striped bug, and the corn or cut worm, I should accomplish a much to-be-wished-for task.

I am now gratified to be able to announce to you my

COMPLETE SUCCESS.

One of the causes of the failure of the Melon crop, is on account of the bugs and worms, (of which, probably, you have all had experience.) I have succeeded in securing the plants against these pests, as safely as though they were not in existence, and in a manner, too, perfectly in accordance with nature. I have experimented rather largely on the old system of preventing the bugs from destroying the plants; but discovered that the plans adopted, if anything near effectual, would injure the plant, or was too expensive. I adopted an entirely new method, which is this: I watched the habits of the bugs, in order to discover what food they preferred. When I discovered this, I gathered the seeds of this plant and planted them between every second or third row of melons. The bugs abandoned the melons for this plant, and they were left to grow as safely as though the bugs were not in existence. The expense is but trifling—being about two hours' work on an acre. The method of securing the plant against the corn worm is quite as simple.

It is not necessary to say more on this subject; but I now offer you the direction for the highest culture of the Water and Musk Melon, and the secret of protecting them from their enemies; and also a sample of FIVE VARIETIES OF THE WATER AND MUSK MELON SEEDS, which are, I believe, (viewing them in all their qualities,) the best grown in the United States. Three of the Water and two of the Musk Melons; one of the latter being a nutmeg or cantelope variety. The Water Melons are so selected that they succeed each other in ripening about two weeks; one of them ripens about two weeks earlier than any that I have ever seen. This early melon can be grown as far north as any corn can be grown, for it is a rapid grower and a profuse bearer, and the best melon I ever saw or enjoyed the pleasure of eating. I have been to considerable expense in experimenting, and in the selection of the choicest varieties of seed, and also the expense of advertising to acquaint you with these facts, and I cannot do it without a price.

Farmers, I know this is valuable, and I believe that you want it; and I cannot charge you less than a dollar. Gentlemen, you that want this, send along your orders—enclose a dollar, and you will receive in return, the secret for protecting the plant from its enemies—the seed, and the directions for their highest cultivation.

If I do not receive a sufficient number of orders to reward me handsomely, I will reserve the right to return every man his dollar instead of the directions. I would say to those persons who have forwarded their orders, that they will receive the directions in good time for planting, or receive back their money. Address

LIABILITIES.

Unsettled claims for Losses and not due $176,082 47

The Ætna Insurance Company presents its patrons the very satisfactory condition, of a large increase in Cash Assets, for the further security of their policies—all our investments being placed at the minimum market value, at the present time of some depression in the standard of same. They are either prime dividend paying stocks, or good, valuable and clean investments, yielding moderate interest and income. The standard basis on which the Assets have been valued, being *Gold at interest.* Besides this solidity, the Company calls attention to the strength and security it derives from its combined system of Agencies, through its agents having the means of presenting a united phalanx of *experienced Underwriters,* which has worked, for thirty-seven years, the happiest results to stockholders, and claimants for losses—and enables it to enter the year 1856, with greater prestige for future usefulness, than has yet been reached by a really *National* Insurance Corporation.

All business attended to with despatch and fidelity.

LILLIE'S SAFE TRIUMPHANT.

NEW YORK, Nov. 14th, 1855.

Philander Eddy, Ag't World's Safe Co, Chicago, Ill

DEAR SIR:—You will notice by the New York papers that Lillie's Chilled Iron, Fire and Burglar Safes and Bank Locks, manufactured by the World's Safe Co. Troy, N. Y., have as usual obtained another *victory* at the great Fair of the American Institute, held at the Crystal Palace, over the *combined skill* of *six* Safe makers, by securing the *first premium* on both Safe and Lock, separately. The Chicago certificate farce and posters were freely circulated here, but their malignant design could not defeat the *known superiority* of Lillie's Safe's, and the Crystal Palace jurors have now *confirmed* what the jurors at the Detroit Fair *decided*, the Chicago jurors *duplicated*, and the public *reiterated*, that Lillie's Safe and Bank Lock are the best in the world. Respectfully,

Clayton Bulwer Treaty—Discussion in the Senate.

WASHINGTON, Jan. 24.

SENATE.—Mr. Clayton presented a communication which had been received from the President in executive session, and from which the injunction of secrecy had been removed, transmitting a copy of a letter from Lord John Russel to Mr. Crampton, Jan. 19, 1853, in which it is declared that the British Government intend to adhere strictly to the treaty of Washington of the 19th of April, 1850, and not to assume any sovereignty direct or indirect in Central America.

Mr. Clayton moved that the letter be transferred from the Executive to the Legislative Journal, and printed. He then expatiated on the usurpation of Great Britain, the tortuous diplomacy of her ministry, stigmatizing it as monstrous and disgraceful.

Mr. Cass desired to speak, but not being well he yielded the floor to Mr. Mason, who thought the debate was not exactly proper. The documents show a purpose on the part of Great Britain of a total disregard of treaty stipulation with this country. When the question should be presented to the Senate or Congress in a tangible form by the Executive, there would be no difference of opinion as to the incumbent duty of this government. England will be held to a strict performance of treaty stipulation.

Mr Seward agreed with Mr. Mason that debate ought not to be indulged in until the House is organized, still he thought there ought to be no unnecessary delay in the settlement of this controversy with England—unnecessary delay and indecision loses a good cause, while decision as often strengthens bad ones.

Mr. Cass said there was no reason why this subject should not be fully discussed before the American people, and moved to postpone further considerations of the subject until Monday next. Agreed to.

ST. LOUIS, Jan. 25.

LATER FROM NEW MEXICO—*Indian War, Mormons, Snow, and the Legislature.*—The Santa Fe mail arrived from Independence, yesterday.

News from the Territory uninteresting. Business prospects dull.

A fight occurred between the Cayute Indians and Mormons. Several of the latter were killed and much property taken. The difficulty arose from the Mormons attempting to drive the Indians off their own lands.

The Legislature has been in session three weeks.

There is much snow on the mountains, and the weather is intensely cold.

NEW YORK, Jan. 24.

HEAVY BUSINESS—Geo. P. Ball was arrested yesterday charged by Alex. Morison with having embezzled $100,000, belonging to the firm of J. Gladstone & Co. of Melbourne & Sidney, Australia. According to Morison's statement Ball belonged to, and was the principal business man of the firm, and when it dissolved was employed at a salary, to settle off, which he did by collecting $100,000 of debts, and absconding. Ball has been in the city but seven weeks, lately at the Astor House. Coleman & Stetson have $30,000 of his money in their custody.

BOSTON, Jan. 25.

All steamboat trains from New York arrived between 7 and 8 o'clock this morning. To-day is one of the coldest of the season. At noon, the thermometer is 8 above zero.

Helmbold's Genuine Preparations.

HELMBOLD'S HIGHLY CONCENTRATED
COMPOUND FLUID EXTRACT BUCHU,
FOR DISEASES OF THE BLADDER

and Kidneys Secret Diseases Strictures, Weakness and all Diseases of the sexual organs whether in male or female, from whatever cause they may have originated and no matter of how long standing.

If you have contracted the terrible disease which when once seated in the system will surely go down from one generation to another undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of quacks who start up every day in a city like this, and fill the papers with their glaring falsehoods too well calculated to deceive the young and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease, and unlike other remedies, does not dry up the disease in the blood.

Constitutional debility brought on by self abuse, a most terrible disease which has brought thousands of the human race to untimely graves thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth can be cured by this infallible remedy. And as a medicine which must benefit everybody from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extr. Sarsaparilla

For purifying the blood, removing all diseases arising from excess of Mercury exposure and imprudence in life, chronic constitutional disease arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of scrofula salt rheum, scald head ulcerations of the throat and legs pains and swellings of the bones tetter, pimples on the face, and all scaly eruptions of the skin

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis mercurial and scrofulous diseases have entirely recovered in the incurable wards of our public institutions which had for many years resisted every mode of treatment that could be devised. The cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected

NOTICE—Letters from responsible physicians and professors of several medical colleges, and certificates of cures by patients will be found accompanying both preparations

PRICES—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid Extract of Sarsaparilla $1 per bottle or six bottles for $5—equal in strength to one gallon of syrup of sarsaparilla

Prepared and sold by H T Helmbold Chemist, 263 Chestnut St near the Girard House Philadelphia

THE NEW YORK TRIBUNE, 1855-6

THE TRIBUNE is now in the middle of its fifteenth year. Vol XV of its weekly issue commenced on the 1st of September last. The American public need not now be made acquainted with its character or claims to consideration. With but a subordinate regard for prudence policy or popularity it has aimed to stand for Right, to stand for Truth, for Humanity against fortified Iniquity, Fraud and Oppression. There is not a slave trader on this Continent though he may never read anything but [illegible] of sale and notes-payable who does not know and hate THE TRIBUNE; there is not an extensive fabricator of drugged and poisonous Liquors who does not consider it a very dangerous and immoral paper and wonder why its publication is tolerated in a commercial, cotton buying City like New York. THE NEWARK MERCURY once forcibly remarked that it had never known a hard grinding screwing avaricious employer who was not hostile to THE TRIBUNE nor one eminently generous and kindly who did not like it. Prompt and plain spoken in its denunciation of iniquity [illegible] claiming no exemption from human fallibility it may have done temporary injustice to individuals but it has never been unfaithful to principle nor deaf to the cries of the wronged and suffering. In [illegible] of novel and unpopular theories contemplating the amelioration of human woes [illegible] those of the [illegible] ceaseless and down trodden have ever found [illegible] and hospitality while it has ardently [illegible] and will persistingly combat, every attempt to proscribe and degrade any class because of diversities of Nativity Creed or Color

In defiance of calumnies the most atrocious and of hostilities the most deadly and untiring, THE TRIBUNE has grown steadily [illegible] in public appreciation from the day of its origin. Its means of serving the public have been augmented in proportion. Instead of a single editor with one or two assistants its organization now comprises a numerous body of writers each fitted by special accomplishment and experience for the particular line of discussion to which his pen is devoted, the daily amount of reading matter given more than quadruples that of its earliest issues an staff of valued correspondents encircles the globe, transmitting early and intelligent narrations of whatever is most worthy of attention, while Politics Legislation, Literature and Art History—in short whatever affects the social well being of mankind [illegible] Theology alone excepted—finds here the freest and most searching discussion

Attached by profound conviction to the beneficent policy of Industrial Development and Internal Improvement [illegible] champion through the last Half Century was HENRY CLAY—imbued, moreover, with that spirit of forbearance toward our weaker neighbors and [illegible] wronged Aborigines of this Continent and of peace [illegible] which will hallow the name of Whig, THE TRIBUNE while surrendering no jot of its proper independence cooperated [illegible] with the Whig party so long as its vitality was preserved. When in 1850—2 an attempt was made to interpolate slave hunting into its creed we sternly resisted that imposition, when, at the close of the last Presidential canvass it was seen that a large portion of the Whigs preferred to defeat their own party rather than allow its Anti Slavery wing to share its triumph, even under a conservative Chief on a Pro Slavery platform we knew and proclaimed that the Whig party was no more. Subsequent events including the rise and culmination of the Know Nothing conspiracy and the speedy absorption therein of the whole or of Pro Slavery Whigs, only confirmed our undoubting anticipations. With no cavily lament [illegible] the effort for the inevitably bygone but with hope [illegible] we have watched the progress of that mighty REPUBLICAN movement which impelled by the perfidious violation of the Missouri Compact, and stimulated by the astounding outrages whereof the rights of the settlers of Kansas have been the victims—by the repeated and utter vitiation of their elections by an armed mob collected by conspiracy and hurled suddenly upon them from the border counties of the neighboring slave state is destined to sweep away the land marks of old [illegible] feuds and unite the true hearts and strong arms of the free [illegible] in one mighty effort to confine the scourge [illegible] of our country within the limits of the States which unwisely uphold it. To the success of this effort the [illegible] of THE TRIBUNE will be sternly devoted while the TEMPERANCE REFORM including the entire suppression of the Traffic in Intoxicating Beverages will find in it as hitherto an earnest and unflinching champion

Commencing as a Daily [illegible] sheet of moderate size and with scarcely a shadow of patronage, THE TRIBUNE is now issued in quarto form DAILY (three distinct editions), SEMI WEEKLY and WEEKLY, on a sheet 44 by 34 inches, eight ample pages of six columns each. Its circulation has steadily grown from nothing to the following aggregate

Daily Issue (evening and morning)	20,500 copies
Semi Weekly	14,175 "
Weekly	157,750 "
California edition	6,000 "
Total	197,425 copies

We believe no other newspaper in the world has a subscription list over half so large as this and no periodical of any sort can rival it. And while its extreme cheapness renders [illegible] an increase of paying readers only an indirect pecuniary advantage to us, it is doubtless largely swelled its subscription list it would be absurdity not to perceive in this unprecedented patronage some evidence of public approval and esteem

TERMS

THE TRIBUNE employs no traveling agents and sends out no papers on trust. If it is not stopped when the term paid for expires, and the subscriber does not choose further to pay for it we resort to no legal process to compel him. On the weekly we mean to stop every paper on the expiration of the advance payment, awaiting a fresh remittance from the subscriber. If none comes, the account is closed. We pay no local agent [illegible] money paid to any when the payer cannot trust him to mail or otherwise send it to us [illegible] mailed [illegible] our risk [illegible] but are grateful to every one who deems it a good work to obtain and forward the names and money of his friends and neighbors. Our terms invariably are—Cash

DAILY TRIBUNE $6 per annum
SEMI WEEKLY, $3, two copies for $5 five for $11,25
WEEKLY $2, three copies for $5, five copies for $8, ten copies for $12, twenty copies or over, TO ONE ADDRESS or $1 each twenty copies or over, to address of each subscriber $1,20 each

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head &c. It will cure as if by magic, nervous or periodical headache make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following

CARLYLE, Ill, June 29, 1855

I have used Prof Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so
SIDNEY BREESE,
Ex Senator United States

VINCENNES, Ind., June 10, 1853

Prof O J Wood Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair
Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.
Yours, &c

GARDNER, Ms., June 22, 1855

Mr Wood Dear Sir—I have used two bottles of Prof Wood's Hair Restorative and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.
Yours, &c,
DANIEL N MURPHY.

ST LOUIS, March 7, 1854.

Prof Wood—My hair commenced falling off some three or four years since and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.
A C WILLIAMSON,
138 Second Street.

ST LOUIS, June 23 1853

Prof Wood—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago very grey and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it as it gives the appearance of having been recently oiled. I am prepared therefore, to recommend its use to all who are desirous of having a beautiful head of hair
I am, sir, yours, &c,

LIFE AND DEATH.
THE
Mysteries of Disease Laid Open to the People.
Health is the Principle of Life—Disease is the Principle of Death

The R. R. R. Remedies possess the great power to secure to the human system health and long life, and free the human family from pains, aches, and all bodily infirmities.

THE ART OF PRESERVING HEALTH AND THE METHOD OF CURING DISEASE BY THE R R R'S.

RADWAY'S READY RELIEF

IS TO BE USED in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms burns, scalds, &c, quicker than Morphine, Chloroform, Veratrine or any other anodyne or remedy that has ever been used by medical men

It is safer than these dangerous remedies. The public will bear in mind that Chloroform, Morphine, Opium, &c, only stifle the pain by stupifying the senses, so that the perceptive faculties lose the power of feeling, and that after the influence of these narcotics have passed from the system—the pain again breaks forth with its terrible pangs, with renewed violence

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it. It infuses new life into the weak and diseased parts. It braces the nerves, and establishes in the system a reaction of health and strength, in the place of pain, weakness and disease

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is any inflammation or congestion, it will instantly scatter the congested blood, equalizes the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism in their most terrible forms, where an application of Radway's Ready Relief will restore the patient ease and comfort.

Crippled with Rheumatism, Arm and Leg perished—No hopes of his recovery—Timely use of R R R—A wonderful cure

LETTER FROM ISAAC HUDDLESTONE
Rapids Parish, La, June 10th, 1855

Messrs Radway & Co—Radway's Ready Relief has cured Peter May of Rheumatism, when there was no hope of his ever recovering. I heard of his situation and I sent for him. His right arm and leg was all perished. He had no use of them at all, but by the use of your medicine, in two months he was carrying the mail from Cherryville to Burr's Ferry. I objected. He said he must do something for a living. It has been fourteen months since he was cured. He is now well and working on his farm, and the whole cost of your medicine was five dollars.

AYER'S PILLS.

"Wisdom shall bow down to it, and the great of the earth shall kneel before it."

Never could this be said with more truth, than it now applies to this remedy for affections of the Throat and Lungs. The exalted in learning and power acknowledge its supremacy, while both the little and the great can feel its benefits. The liberal minded among those skilled to cure are free to own its mastery over distempers which have baffled their art. Those of exalted stations are not ashamed to testify to its virtues, but deem it a duty and a pleasure to thus hold out the lamp of their experience to their suffering fellow men

DR. WEAVER'S CANKER & SALT RHEUM SYRUP & CERATE

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South, of the wonderful cures they are preforming.

See what is said by those who have used these medicines

The Rev Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."

Dr A J Johnson, of North Wardsboro, Vt, says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev August Belles says "it has cured the Salt Rheum in my leg."

J Hatfield Frazer, Esq, editor of the Somerset Whig, Somerville, N J, says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon Joel Loomis, of East Lyme, Conn, says, "I was completely cured of Erysipelas in my leg, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years, but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq, of Orient, Long Island, N Y, says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev J S Swan, of New London says, I have used the Syrup and Cerate in my family for more than a year, and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prisbery, of Taunton, Mass., what the medicines will do, ask William Barber, of Three Mile Bay, Jeff Co, N Y, what the syrup has done for him, ask G F & W H Boynton, of Perkinsville, Vt., ask F L Kent, of Chicago, Ill, ask Martha Cottle, of Martha's Vineyard, Mass, ask Wm F Keahley, or Wm F Benjamin, Esqs., of New London, ask Dr. H M Murdock, of Pulaski, N Y, ask J C Smith, of Brooklyn N Y, who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burrough, of Shilby, N. Y., who has been cured of a severe case of Salt Rheum, ask Chas. Akin of Hame, N Y, what the Syrup and Cerate will do for sore legs, ask Winslow and Slafter, Merchants, Virgil, N Y, what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

HARNDEN'S CONCENTRATED COUGH SYRUP.

FOR THE CURE OF
COUGHS, COLDS AND CONSUMPTION

THE Proprietors of this PURELY VEGETABLE AND TRULY VALUABLE SYRUP, claim for it no magic powers nor do they offer it to the public as an antidote for all the ills and ailments of life—but solely as a remedy for COUGHS, COLDS, and diseases of the CHEST and LUNGS, in advanced as well as incipient stages. They WARRANT THE SYRUP PURELY VEGETABLE, and free from Opiate or Drug of any kind.

Unlike all other of the many advertised remedies for Colds and Consumption—the action of this Syrup is direct—hand in hand with nature—its benefits are immediate—not leaving the invalid time to regard it as an experiment, requiring slow process, in arresting disease, and restoring health. Ordinary Coughs and Colds generally yield within twenty four hours, while those of long standing, and which, through negligence or continued imprudence, have assumed more alarming symptoms, usually require the use of the Syrup from ten to twenty days. In cases of hereditary or constitutional character, and which, in many instances, have gained mental as well as physical possession of the invalid, more time is necessarily required, in arresting the disease—in eradicating the taint of blood—in restoring natural sleep and quiet of mind—and securing permanent benefit

☞ In its highly concentrated form, one bottle of this SYRUP is equal to six times the quantity were it prepared in any other manner, and ☞ ONE BOTTLE WILL TEST ITS VIRTUES IN EVERY CASE.

For the purpose of securing ourselves and the public against fraud or imposition, every agent for the sale of this SYRUP will be personally selected and appointed by one of our firm, or our general agent, and as a further safeguard, the directions accompanying each bottle will be signed by MR HARNDEN.

KING MEYER, No. 206 Third Street, Milwaukee, has been appointed GENERAL AGENT for the State of Wisconsin. For sale also by all the Druggists in Milwaukee

"EUREKA." THE CHOLERA SPECIFIC.

THE Proprietor has chosen the above as an appropriate cognomen for his new discovery, and thousands have already added their testimony to the wonderful effects of this great Remedy, certifying it as the greatest and most important achievement of the age. This great desideratum has long been sought by men of science, experience and skill. The indefatigable energies of the proprietor has at last crowned with success, and he fearlessly exclaims to all the world, "EUREKA!"—"I HAVE FOUND IT."

He has used it for five years in his private practice in New York, on the Isthmus and in California, and in no case has it failed in *Cholera, Cholera Morbus, Cholera Infantum, Diarrhoea and Dysentery.*

It is a sovereign Specific—instantly relieving pain in the stomach or bowels, cramps or spasms, curing the worst diarrhoea or dysentery in three hours, and restoring healthy action to the diseased organs, enabling them to perform their natural functions, rendering the patient as healthy [illegible] either at home or abroad. The medicine is put up in small vials, containing six Pills, each sufficient for any one case. Directions accompany each Bottle, with a fac simile of the proprietor's signature. Not genuine without. Price 50 cents per bottle.
